

## LACTATION ROOM CODE AGREEMENT

Please check each statement below

Single occupancy lactation rooms in Magnuson Health Sciences Building and South Campus Center are available on a first-come, first-served basis for UW-affiliated individuals. Users may obtain the code for these rooms by emailing a completed and signed copy of this form to [hsbuild@uw.edu](mailto:hsbuild@uw.edu). Codes may be changed quarterly, and new codes will be distributed by email. The list of lactation rooms in MHSB and SCC is:

- T393A (MHSB T wing, adjacent to women's restroom)
- T497A (MHSB T wing, adjacent to women's restroom)
- T595A (MHSB T wing, adjacent to women's restroom)
- T695A (MHSB T wing, adjacent to women's restroom)
- SCC 311B (South Campus Center)

I understand that the keypad code which has been issued to me is for lactation rooms in Magnuson HSB and South Campus Center.

The issued code is for my use only. I will not share the code with anyone.

The keypad code to the lactation rooms may be changed every academic quarter. Codes may be changed more frequently if necessary.

**I have read, understood, and checked the above statements:**
